FOR 2018**

Cat® D11T CD Carrydozer

With its massive, 22-foot-wide blade, the Cat® D11T CD Carrydozer can move up to 57 cubic yards of coal or other loose material in a single pass – using the specially designed inside-the-blade curvature to create both a carrying and a pushing action.

In addition to the 11CD blade detail, Diecast Masters' new model also replicates the Carrydozer's wider, 36-inch track shoes and two of the machine's most popular exterior options: the rear platform with guard rails and the powered access ladder.
